EDUCATION

Software Engineer
High school of Economics 📅 2023 - 2027

LANGUAGES

English Advanced ●●●●● Russian Native ●●●●●

SUMMARY

I am a second-year student studying C++ programming and actively developing skills in backend development. Although I have no commercial experience yet, I am highly diligent, detail-oriented, and eager to learn. I am easy to communicate with, which allows me to work effectively in a team and quickly adapt to new tasks. My strong motivation to acquire new technologies and practices makes me an ideal candidate for growth as a backend developer.

SKILLS

C++ Go C# MySQL

PASSIONS

- ⚡ Sports
- 👍 Good vibes only
- ✈️ Traveling
